SUMMARY

Passionate Frontend Developer skilled in building responsive and user-friendly web applications using **React.js**, **Next.js** and modern **UI** technologies. Strong foundation in component-based architecture, **API** integration, and clean code practices. Focused on converting UI designs into scalable, performance-optimized web experiences.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6), HTML5, CSS3, Tailwind CSS, Bootstrap, jQuery
- **State & APIs:** REST API Integration, Component Architecture, Responsive Design, Cross-browser compatibility
- **Tools:** Git, GitHub, Postman, Figma (Basics), VS code, Canva
- **Backend** (Basic Knowledge): Node.js, Express.js

PROFESSIONAL EXPERIENCE

Frontend Developer – Growify India

(March 2026 – Present | Remote)

- Working on dashboard development with modern frontend technologies.
- Developed and delivered 2 live websites with responsive and scalable UI.

Web Development Intern – Technohacks Edutech

(May 2025 – June 2025 | Remote)

- Built responsive UI components using **HTML**, **CSS**, and **JavaScript** across multiple screen sizes
- Developed interactive frontend features to enhance user experience and usability
- Collaborated with developers to implement and test frontend features for live projects

PROJECTS

Academia Flow — School Management Platform ([Visit](#))

- Contributed to feature development and performance improvements for a school management platform built with Next.js, TypeScript, Tailwind CSS, and Express.js.

Growify HRM Dashboard – HR Management System ([Visit](#))

- Worked on frontend dashboard development for Growify HRM using React, Next.js, and TypeScript. Built responsive UI components, dashboard modules, and modern layouts focused on usability, scalability, and performance.

Play NFT - NFT Marketplace UI ([Visit](#))

- Developed a modern NFT marketplace interface using **React** with reusable components, responsive layouts, and **smooth UI animations**. Focused on clean design, performance optimization, and deployed as a live web application.

Healthcare Dashboard – React UI

- Designed a clean, component-based admin dashboard with modular folder structure and responsive layouts.

Newcastle Griddle — Restaurant Website

- Built and deployed a fully responsive restaurant website with reusable React components, **mobile-first layouts**, and optimized UI performance. Delivered as a live client project.

EDUCATION

B.E – Electronics and Communication Engineering

Francis Xavier Engineering College, Tirunelveli, Tamil Nadu, India

CGPA: 8.9 / 10 (2024)

ADDITIONAL INFORMATION

- **Certification:** Web Development Internship Certificate – Technohacks Edutech (**June 2025**).
JavaScript Mastery From Basics to Advanced 2025 (**July 2025**)
- **Interests:** UI design, creative problem-solving
